- support and funding for the grading of emerging tourism companies, as well as providing mentorship, business relationships and linkages which, in turn, provide business opportunities to these enterprises; and
twinning initiatives with Black Owned and Black Empowered SMMEs which result in cost savings or revenue generation for those SMMEs;

45.2.13 "Executive Representation" refers to the participation by Black People in the senior non-board level management of an enterprise and more specifically, targets management levels which influence the strategic and operational management of an enterprise. Participation is measured upon the basis of the percentage that black executive managers hold to the total number of executive managers of that enterprise;

45.2.14 "Learnership" refers to learnerships as defined in the Skills Development Act, No. 97 of 1998, amended in 2003;

45.2.15 "Local" means the geographic area specified by SANParks in respect of the Project, being either within 50 km kilometre radius of the Picnic Site Facility or within a 30 km reach of the boundary of the Protected Area fence (but excluding boundaries to the neighbouring countries);

45.2.16 "Management" refers to all senior and middle management who do not form part of the executive management of the board of directors of the Private Party;

45.2.17 "Ownership" refers to equity participation and the ability to exercise rights and obligations, including voting rights and the rights to the flow of economic benefits, which accrue under such ownership;

45.2.18 "Preferential Procurement" refers to all spend with BEE compliant suppliers, to be calculated as follows:

one Rand (R1) for every one Rand (R1) spent with Excellent BEE Contributors, Good BEE Contributors, BEE Compliant SMMEs and Black Women Owned BEE Contributors; and fifty cents (50c) for every one Rand (R1) spent with Satisfactory BEE Contributors;

all of which terms are defined as follows:

an Excellent BEE Contributor means a company which has scored in excess of 90 percent on a BEE scorecard under a scorecard governing that company's sector or a BEE scorecard issued in the Codes of Good Practice and under the BEE Act;

a Good BEE Contributor means a company which has scored in excess of 65 percent, but less than 90 percent, on a BEE scorecard under a scorecard governing that company's sector or a BEE scorecard issued in the Codes of Good Practice and under the BEE Act;

a Satisfactory BEE Contributor means a company which has scored in excess of 40 percent but less than 65 percent, on a BEE scorecard under a scorecard governing that company's
sector or a BEE scorecard issued in the Codes of Good Practice and under the BEE Act;
a Limited BEE Contributor means a company which has scored less than 40 percent, on a
BEE scorecard under a scorecard governing that company's sector or a BEE scorecard issued
in the Codes of Good Practice and under the BEE Act;
a BEE Compliant SMME means a small, medium or micro enterprise (with a turnover of up to
R10 million per annum) which is either an Excellent, Good or Satisfactory Contributor to BEE;
and
a Black Women Owned BEE Contributor is a company which is more than 30 percent owned
by black women and which is also an Excellent, Good or Satisfactory contributor to BEE;

45.2.19 "Skills Development Spend" refers to investment in skills development
initiatives through both external training providers and the quantifiable costs of
accredited internal training programmes. Internal training spend does not include the
opportunity cost of employees attending the skills development initiatives;

45.2.20 "Supervisory" refers to the junior management and professional staff;

45.2.21 "TOMSA (Tourism Marketing South Africa) Levy Collectors" refers to
tourism enterprises who are registered to raise funds on behalf of the trust;

45.2.22 "Total Employee Time" refers to the total working hours calculated as the
product of the total number of employees and their standard working hours;

45.2.23 "Total Staff" refers to all employees and/or contractors, excluding those
accounted for under Strategic Representation, from whom the tourism enterprise is
responsible for the collection and payment of applicable employee tax. The intention
of the scorecard below is to include temporary staff in the definition of total staff, since
tourism is an industry that relies heavily on temporary, casual and seasonal staff.

## Milestones and Targets Post-2014

### 45.4.1 The BEE Milestones and Targets for the duration of the PPP Term and in particular for the period from 1 November 2015 to the end of the PPP Term shall be determined by the restructured editions of the Tourism Charter and
Scorecard as gazetted from time to time.

45.4.2 The Tourism BEE Charter was developed to be in line with the Department of Trade and Industry’s first phase of the Codes of Good Practice. Once the Codes of Good Practice has been gazetted, the Tourism Charter will be guided of how best it can be aligned to the final draft Codes of Good Practice.

45.4.3 The milestones and targets of the Tourism BEE Charter and Scorecard could thus be amended from time to time and the provisions of this Section and PPP Agreement would be modified accordingly. The Private Party would receive notification of such amendments and be provided with a satisfactory remedy period to address the amendments.

45.5 External BEE Verification

45.5.1 The Private Party shall appoint a reputable external verification agency to determine the Private Party’s BEE status and a copy of such an independent verification certificate shall be provided to SANParks within 15 (fifteen days) after the end of each Project Year.

45.5.2 The BEE Verification Certificate will categorise the Private Party according to the Private Party’s contribution to BEE.

45.5.3 The Private Party shall be obliged in terms of this PPP Agreement to, at a minimum, comply with the category of a Good BEE Contributor for each Project Year.

45.5.4 In the event of default by the Private Party to comply with the provisions of the foregoing Clauses and the Private Party default is not remedied before the expiry of the period referred to in the notice by SANParks, SANParks may terminate this PPP Agreement with immediate effect by written notice to the Private Party.

45.5.5 The Private Party is obliged to comply with the BEE commitments as outlined in the bid submission. In addition the Private Party is required to comply with commitments made to involve Land Claimants either as equity shareholders or to fill vacant positions with people from the beneficiary list as determined and verified by the Chief Land Claims Commissioner. Failure to do this might result in termination of the PPP Agreement.
45.7 Private Party's BEE Proposal

48. SCHEDULE 8 – ENVIRONMENTAL SPECIFICATIONS FOR THE OPERATION OF PICNIC SITE FACILITY WITHIN THE PROTECTED AREAS

48.1 Introduction

48.1.1 This is an undertaking by the Private Party to conduct, manage and carry out the Project at all times in an Environmentally responsible way by adopting appropriate operating methods and practices for conducting such a Project in a proclaimed National Park.

48.1.2 The Private Party undertakes to take all reasonable steps in conducting of the Project to prevent and limit the occurrence of any Environmental or health hazards and to ensure the health and safety of the Private Parties and the general public.

48.2 Legislative Basis for these Guidelines

SANParks is bound by a number of statutes with relevance to environmental management of Parks, including (without limitation) the National Environmental Management: Protected Areas Act, 2003 (Act No. 57 of 2003) (NEMPAA); the National Water Act 36 of 1998; the Water Services Act, 108 of 1997; the National Environmental Management Act, 107 of 1998 (NEMA); the National Environmental Management: Air Quality Act; the Hazardous Substances Act, 15 of 1973; and the National Heritage Resources Act.

Authorization of any development in a Protected Area is governed by the NEMA and the NEMPAA, and regulations. Any changes to infrastructure or operations require written approval from SANParks and are subject to the prescribed policies and procedures.

The process for upgrading or refurbishment of Picnic Site Facility will be undertaken as per SANParks internal policies and procedures, and authorizations given by the Department of Environmental Affairs and Tourism where relevant and SANParks.

The EIA laws and Regulations do not specifically require an EIA for a development such as the refurbishment and/or expansion of a Picnic Site Facility. However, given that the development is taking place within a protected area such as a National Park, SANParks requires environmental scoping to be conducted on any proposal to expand or modify the existing Picnic Site Facility or shop that is being bid for. Modifications include both structural changes to the facility and additions to the facility or its environs, including signage. The scoping report must be submitted to DEAT, the “relevant environmental
authority" as defined in the EIA Guideline documents.¹

Private Party proposing significant expansions or structural modifications should anticipate that an EIA will be required, and should factor the cost of carrying out the EIA into their financial projections.

SANParks will have a role in the EIA process, both as an Interested and Affected Party (IAP), and as the regulatory authority with jurisdiction over the Protected Area. It will be DEAT's responsibility to determine whether, on the basis of information provided in the scoping report, a detailed EIA needs to be carried out.

48.3 Guidelines Based on SANParks Internal Requirements

The EIA Regulations cover many of the issues that will arise during the assessment of developments within National Parks. In addition, SANParks undertook a review of its internal policies that may impact on such developments.

As a result, some of the Guidelines contained herein flow from internal SANParks management documents, such as the Kruger National Park Management Plan. In some instances, however, these documents were neither sufficiently comprehensive nor sufficiently detailed as to the allowable parameters for development by commercial operators. Where this occurred, SANParks undertook an internal effort to develop the necessary Guidelines.

A series of workshops were held with SANParks conservation staff, and specifically from KNP, who assisted in establishing standards to be applied to commercial tourism developments within the Parks. Draft standards were reviewed by a wide range of professionals within SANParks, including the Manager, Environmental Management, and Park rangers and staff from Scientific Services, Conservation Services, Park Planning and Technical Services. The Guidelines contained herein are the result of these efforts.

The Environmental Guidelines set out and referred to in this document must be regarded as a first step in SANParks’ efforts to compile a comprehensive Environmental Management System (EMS) for the entire Parks. Once in place, the EMS will likely be modified and refined over time, as and when needed to take into account new information, standards and conditions. Private Parties must therefore be aware that the terms and conditions set forth in these Guidelines are subject to amendment. Private Parties will be expected to comply at all times with the provisions of the Environmental Guidelines as they

¹In the case of the SANParks, the ‘relevant environmental authority’ for review of EIAs conducted in National Parks is the national Department of Environmental Affairs and Tourism.
may change from time to time.

The remainder of this document presents the specific standards or parameters that the Private Party will be expected to apply to activities in its Project Site.

48.4 **Precautionary Principle**

Ecological and natural resource processes are not always clearly understood, nor are the interactions among such processes. SANParks recognises that issues may arise suddenly, or circumstances change, due to limitations in current knowledge. SANParks has endeavoured to identify these limitations wherever possible, and to design the concession process in a way that minimises the environmental risk to the national assets under its control. However, situations may arise where changes which have not been anticipated may cause SANParks to require adaptations to the management of the area.

48.5 **Code of Conduct**

48.5.1 The Private Party undertakes to induct all staff employed on the Parks Code of Conduct if and where such a code exist (where a code does not exist the general conditions as contained in the Code of Conduct of the Kruger National Park will apply).

48.5.2 The Private Party confirms that the Code of Conduct is understood and will be complied with.

48.6 **Environmental Impact**

48.6.1 The Private Party undertakes to bring to the attention of SANParks any matter which may, in its view, have a detrimental impact on the Environment within the Restaurant and or Picnic Site Facility and the Protected Area.

48.6.2 The operator needs to subscribe to the South African Seafood Initiative (SASSI) and only sell fish in the shops and restaurants with green status or SASSI certified.

48.7 **Water Management and Guidelines**

48.7.1 The Private Party undertakes to implement water conservation measures in the design and implementation of their operations;

48.7.2 The Private Party undertakes to:

Monitor the use of water;
Educate staff via on-site notices on the use of water;

Set water usage targets (monitored weekly/monthly) and manage these targets;

Aim to avoid accidental loss through effective maintenance, installing quality storage and reticulation systems and implementing leak detection systems

### 48.8 Chemical Substances

48.8.1 The Private Party undertakes to not sell or use (including staff of the Private Party) any of the chemicals that are banned from use in National Parks (as determined by any Environmental Manager in National Parks);
