2. REQUIREMENTS BACKGROUND

2.1 BACKGROUND

South African National Parks ("SANParks") manages and controls the Table Mountain National Park ("TMNP"), which includes the upper slopes and top of Table Mountain. By memorandum of agreement, the cableway and related activities on the top of Table Mountain are operated by Table Mountain Aerial Cableway Company Limited ("TMACC"), while TMACC owns and operates the lower cableway station and related activities at bottom of the mountain on Tafelberg road.

SANParks requires the valuation of certain assets currently owned and / or managed by TMACC. The assets to be valued ("Valuation Assets") are listed in Annexure 1 hereto. The assets to be excluded from the valuation are listed on Annexure 2 hereto.

SANParks wishes to appoint a single team of appropriate consultants ("Valuers") to value the Valuation Assets and to prepare a written valuation report. TMACC has offered its cooperation to SANParks and on the site visit date to prospective bidders, as well as to the Valuers, once appointed, at mutually convenient times, to access and view the Valuation Assets.

2.2 SPECIFIC OBJECTIVES

The specific objectives of the valuation exercise process are to:

a) Determine the valuation of the Valuation Assets at the Valuation Date; and
b) Determine the historical annual rates of inflation that apply to the Valuation Assets.

2.3 PRECINCT AREA

The focal point of the precinct is the area under the control of TMACC, including the upper and lower cableway stations and the land on which these stations are situated. The precinct area, described more fully in Annexure 1, includes:
a) Land, buildings and improvements – Lower Cableway Station vicinity (owned by TMACC);  
b) Cableway equipment; and  
c) Buildings and Improvements – Upper Cableway Station TMACC lease area  

Per Annexure 3, see the attached maps of the erf and erven remainders, included in the Valuation Assets.

TMACC has a deck on top of the kiosks. A staff room was also added at the Lower Cableway Station

2.4. OUTPUTS REQUIRED

The Consultants, once appointed, are required to prepare the following in English:

a) A market valuation, as at the Valuation Date, of the Valuation assets, separately specifying the value of each major asset in each of the three categories of assets showing all assumptions and methods of calculations, with applicable source references, and  
   i. For Category 1 and Category 3 Valuation Assets, the market valuation is to be specified in South African Rands;  
   ii. For Category 2 Valuation Assets, the market valuation is to be specified in US Dollars and in Euro currencies;  

b) The annual change in value (inflation or deflation) in the Western Cape and in South Africa for each of the 8-years up to and including the Valuation Date, specified separately for each major asset in each of the Category 1 and Category 3 of the Valuation Assets, with applicable source references; and

c) The annual change in value (inflation or deflation) in the United States and Europe for each of the 8-years up to and including the Valuation Date, specified separately for each major asset in Category 2 of the Valuation Assets, with applicable source references; and

d) A comprehensive list of source references, including literature and websites, etc., used in determining the outputs per (a), (b) and (c) above and referred to therein.

Note: SANParks is in possession of the insurance values for some of the Valuation Assets. Valuers are expressly directed to ignore the insurance values and to determine the fair market values of the Valuation Assets, in terms of the following definition: “Fair market value is the amount at which an asset might exchange between a willing buyer and a willing seller, neither being under compulsion, each having reasonable knowledge of all relevant facts, and with equity to both.” (Quote adapted from Valuation of Intellectual Property and Intangible Assets, by Gordon V. Smith and Russell L. Parr, John Wiley & Sons. New York, 3rd Edition, 2000, p. 156.).

2.5. MULTI-DISCIPLINARY SKILLS REQUIRED

To complete the Outputs as described herein, it is envisaged that the following skills will be required from the professional consultants who have the requisite skills, qualifications, registrations and valuation experience in the:
a) Valuation of Category 1 assets, reflected on Annexure 1 and included in the Valuation Assets;

b) Valuation of Category 2 assets, reflected on Annexure 1 and included in the Valuation Assets; and

c) Valuation of Category 3 assets, reflected on Annexure 1 and included in the Valuation Assets.

2.6. PHASING

a) Pre-bidding consultation process: 1 x site project briefing and site visit. Attendance by tenderers is compulsory.

b) Outputs: The Outputs specified herein are to be delivered simultaneously as part of a single valuation; and the work thereon is to commence in the second week after appointment.

c) Post-Output consultations: up to 2 x consultations with SANParks, by way of meetings with Western Cape based consultants and video-conferences with other consultants should be provided for.

$$ PS = 80 \left( 1 - \frac{Pt}{Pmin} \right) $$

$Pmin$

$Ps = $Points scored for price of the bid under consideration.

$Pt = $Rand value of bid under consideration.

$Pmin = $Rand value of lowest acceptable bid

CERTIFICATE OF INDEPENDENT BID DETERMINATION

1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.

2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a pe se prohibition meaning that it cannot be justified under any grounds.

3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:

   a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution’s supply chain management system and or committed fraud or any other improper conduct in relation to such system.

   b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.

4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
